## Specialty Registrar Job Description

<b>Reports to:</b>	Consultant General Surgeons in the employing Trusts and the Postgraduate Dean
--------------------	---

<b>Contact Information:</b>	<b>Training Programme Director</b>	
	Mr G. Bailie Consultant Surgeon Ulster Hospital Upper Newtownards Road Belfast BT16 1RH	
	Email: <a href="mailto:surgery.nimdata@hscni.net">surgery.nimdata@hscni.net</a>	

<b>MAIN ACTIVITIES / RESPONSIBILITIES:</b>	
<b>Clinical</b>	The clinical workload in each post will vary significantly but in general terms there will be three operating sessions, one or two outpatient's clinics, and one administration per week. These figures are only provided as a guideline.
<b>Managerial</b>	Trainees will have the opportunity to develop managerial skills as they rotate through the various hospitals. Trainees should undertake a formal management-training course during the final year of training.
<b>Research</b>	Trainees will be expected and encouraged to have an active interest in research and publication. This does not necessarily mean taking a year or two years out-of-programme to work towards an MD or PhD unless the trainee also wishes to undertake sub-specialist training.
<b>Audit</b>	Trainees will be expected and encouraged to have an active interest in audit and will be expected to undertake audit projects during their training.
<b>Education</b>	Trainees are expected to develop an educational contract with their Educational Supervisor within four weeks of commencement of post. This Educational Contract should be reviewed on an ongoing basis and will be submitted to the Surgical Training Committee by the trainee at the annual appraisal interview.
<b>Assessment</b>	Trainees will be invited to meet the Regional Specialty Advisor and other members of the Specialty Training Committee for an annual appraisal interview. At this interview the trainee's performance will be formally assessed against agreed standards.

### PLACEMENT ARRANGEMENTS:

Placements between hospitals are administered by the Regional Specialty Training Committee and are determined usually on a yearly basis according to the Trainee's educational and training needs. Trainees will rotate through the various hospitals and subspecialties within the Training Scheme. The Postgraduate Dean has confirmed that these posts all have the required educational and staffing approval. Excellent postgraduate facilities exist at all units.

Further information on hospitals in Northern Ireland is available at [www.hscni.net](http://www.hscni.net)

This job description will be subject to review in the light of changing circumstances and may include other duties and responsibilities as may be determined. It is not intended to be rigid and inflexible but should be regarded as providing guidelines within which the individual works.

Please note that the Health and Social Services organisations operate "No Smoking" policies and all employees must comply with this policy.
